

NAVAIR Warfare Center - Aircraft Division

F-35 JPO Enterprise Planning and Consulting Services

Blanket Purchasing Agreement

\$90mm (\$35mm per Call)

Aug 2019 to 2023

UnityTec is supporting the F-35 Joint Program Office (JPO) as a Prime with in-depth analysis across the three Lines of Effort (Development, Production, and Sustainment), Enterprise Planning, and Program Operations. The UnityTec team will provide services to improve the acquisition of the F-35 Air System and/or the organizational structure of the F-35 JPO.

Tasks

Consulting Services

- Objectives, Outcomes, Impacted Organizations, Analysis, Change, Implementation, Resourcing

Engineering / Technical Studies

- Scope, Objectives, Methods, Options, Recommendations, Risks, Impacts

Technical Scope

- Affordability
- Supply Chain and Logistics
- Acquisition & Procurement Strategies
- IT Business Systems
- Future Technology Planning
- Modeling and Simulation Studies
- Organizational/Workforce Management

UnityTec is seeking capable and credible teaming partners to also support this program across the scope and task areas. See the back for details on our capabilities and our team building process.

DUNS: 796980378 **CAGE:** 4QU93

OUR COMPETENCIES

INDUSTRIAL & ENTERPRISE SYSTEMS MODERNIZATION

Technology Insertion	Requirement Assessments
Robotics & Automation, MHE	Workforce Optimization
Implementation Management	Personnel Alignment
ROI Analysis	Change Management
Research and Development	Lessons Learned
Testing and Engineering	Analysis of Alternatives

FINANCIAL IMPROVEMENT & AUDIT READINESS

Standard Operating Procedures	Floor to Book Traceability
Process Engineering	Stock In-Transit Analysis
Systems Assessment	Inventory Accountability
Operational Analysis	Service Help Desk
Evidential Matter	Technical Help Desk
Audit Support & Remediation	Asset Accountability

FACILITY IMPROVEMENT & TRANSITIONS

Subject Matter Expertise	Root Cause Analysis
Industrial Engineering	POAM Development
Requirements Analysis	Monitoring and Oversight
Program & Project Mgmt.	Lean Six Sigma Initiatives
Solicitation Development	Negotiations Support
Data Collection	Change Management

INDUSTRIAL PROGRAM MANAGEMENT

Equipment Utilization	Safety and Security
Acquisition & Disposal	Capital Planning
Prevention / Quality Control	ROI Analysis
Environmental / HAZMAT	Terms and Agreements
Incident Management	Training
Center of Excellence	Policy Support

ENTERPRISE SUPPORT

Management Consulting	Administrative Support
Business Development	Public Relations
Business Case Analysis	Communications
Metrics Development	Graphic Design
Metrics Consolidation	Multimedia

ANALYTICS

Visualizations	Center of Excellence
Dashboards	Data Warehousing
Machine Learning	Database Administration
Data Cleansing / Migration	Modeling and Simulation
Advanced Methods Training	Predictions
Software Insertion	

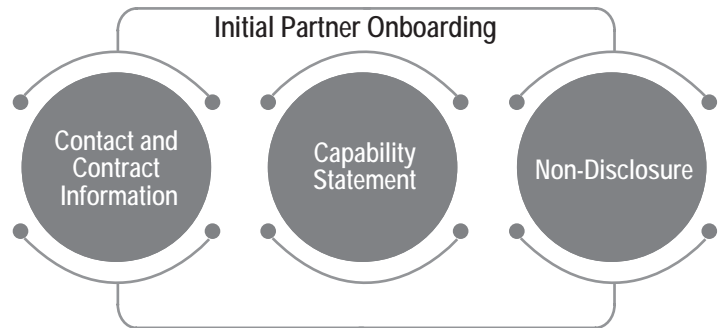

BPA Strategy and Management

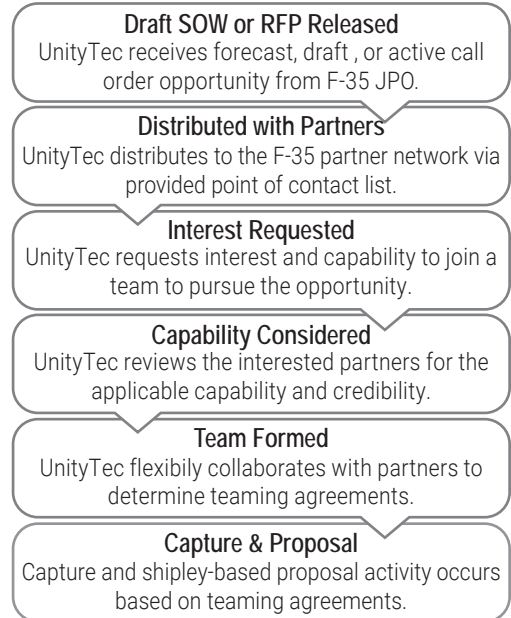

UnityTec seeks collaboration with others in the aerospace & defense industry that have best in class engineering or consulting capabilities to be winning team members in support of future call orders on the F-35 BPA.
